

Viva Glassware Testimonial

To whom it may concern,

Please find below my testimonial re Viva Glassware.

Trademark Hotel had already invested in polycarbonate drink ware however we found to be inadequate as it quickly deteriorated and the quality and designs were not in line with our desired presentation of standard and premium beverages. We were instantly impressed with the Viva Unbreakable Polycarbonate range. The weight, design and appearance is incredibly realistic to traditional glasses so we switched to Viva Unbreakables and the product has proven to be more durable and maintains form and appearance over time. We also commend Viva Unbreakable Drinkware for their responsive service and their capacity to supply polycarbonate on a next day delivery and in some cases for us same day service.

Kind Regards,

RICKY OSHRY
