TO WHOM IT MAY CONCERN

Viva Glassware

To whom it may concern:

Viva Polycarbonate Glassware is a very affordable, stylish and quality product that suits perfectly our requirements for the outdoor Deck bar at Zest @ The Skiff Club, Spit! Zest is a premium venue for upmarket weddings and events so therefore require the best equipment for all aspects of the business. The glassware has performed well and has kept its excellent quality over time!

I'd like to thank Jonny Abrams and the guys at Viva, who have provided very good service and I wouldn't hesitate to recommend them or their product.

Kind Regards
Peter
